Closing of Pharmacies. By

A. S. Musante, Ph. G., M. D. 410

ENTERED AT SAN FRANCISCO, CAL. AS SECOND-CLASS MATTER

A CONTINUOUS POST-GRADUATE COURSE

Murphy's Famous Clinics

The October number contains many articles from which you can obtain really valuable points—points that will help you in diagnosis, points that will get you *results* in treatment. Practitioners all over the country tell us these Clinics are the most valuable publications ever issued. For instance, Dr. H. R. Martin of Riverside, Cal., writes: "Please put me on your subscription list for 1913, 1914, 1915, 1916, and as long as they are published. One number was actually *worth \$150.00 to me.*" Dr. B. F. Van Meter of Lexington, Ky., says: "Be sure I get the Clinics for 1913, for they are the best money value that's ever come my way." Dr. F. C. Morgan of Claremont, N. H., says: "I want to say they are the most instructive, practical and lucid publications I am now reading. They are indispensable." Dr. Geo. H. Murphy of Cape Breton, Nova Scotia, says: "They are great." Dr. James M. Barr of Weirton, W. Va., has just subscribed to *Murphy's Clinics*. He says: "I was planning to get away this summer for postgraduate work, but now I find I cannot go, so I am doing the next best thing." He ordered *Murphy's Clinics*. Dr. Barr will find *Murphy's Clinics* a *continuous* postgraduate course—and so will you.

Issued serially, one number every other month (six numbers a year). Each number about 175 octavo pages, illustrated. Per year: \$8.00; in cloth, \$12.00. Sold only by the calendar year.
